Response to Restriction/Election

This paper is filed in response to the Office Action Summary mailed August 10, 2006, which provided one month for reply and which required the Applicant to elect among several restriction groups claims to be prosecuted in this case. This paper is also filed along with a Petition for a two month extension of time and authorization for the office to deduct the appropriate fees from the Applicant Monsanto's Deposit Account 13-4125, and along with amendments to the claims that are elected for further prosecution. It is believed therefore that this paper is timely filed.
